## My Sleepy Valentine

Mama's house has had a hard time with sleep lately! So for Valentine's Day it would be nice to get to "sleep in" (which would be about 7 a.m.!)...Mama isn't holding her breath for that one. So at the very least, on the top of Mama's Valentine wish list are a few things that would make for a good night's sleep. Here's to getting some good "ZZZZZs" my fellow sleepy Mamas!

**Peaceful Wake-up** -- no more tripping over the power plug or having baby pull it out (danger!) of the wall with the new eco-friendly Bedol Water Powered Alarm Clock. It keeps perfect time by turning ions in the water into electrical current for continuous, clean energy. The clock also has an alarm -- just be sure to add water to the tank every 10 weeks! Awesome eco-product with an awesome price! Available in a variety of colors at [BedolWhatsNext.com](http://BedolWhatsNext.com), \$29.

## ABOUT ME

CHRISTINE

Finally after three years, I'm getting the chance to share my two passions with the world -- writing and being a mom. Follow me on my journey for self-fulfillment as I get excited about local events, new products just for moms, babies and kids, what works and what doesn't work, and how to balance it all in this crazy, busy world we live in!
